Includes Anguilla, Antigua and Barbuda, Barbados, Belize, British Virgin Islands, Cayman Islands, Dominica, Grenada, Guyana, Jamaica, Montserrat, St. Kitts and Nevis, St. Lucia, St. Vincent and the Grenadines, Trinidad and Tobago, and the Turks and Caicos Islands

Educational Timeline

- School year: August to May or September to June with exam dates in June (alternative external exam dates offered in November or December)
- Primary school is six years followed by five years of secondary school
- After timely completion of initial five years of secondary school, students can extend high school graduation by a maximum of two years by enrolling at the first possible opportunity in the programs listed below and completing in the manner indicated

Group A: Documents That Meet High School Graduation Requirement

Students presenting documents other than those listed below will be evaluated on a case-by-case basis. Students presenting academic timelines other than the allowable time frames outlined below will be evaluated on a case-by-case basis

1st Graduation Point:

Caribbean Examination Council Caribbean Secondary Education Certificates (CXC CSEC)

- Must be accompanied by academic records/transcripts for five years of secondary school
- Comparable to US high school graduation only if five or more exam passes in different subjects achieved

(International) General Certificate of Secondary Education (GCSE/IGCSE)

- Must be accompanied by academic records/transcripts for five years of secondary school
- Comparable to US high school graduation only if five or more exam passes in different subjects achieved

General Certificate of Education Ordinary Level (GCE O-Level)

- Must be accompanied by academic records/transcripts for five years of secondary school
- Comparable to US high school graduation only if five or more exam passes in different subjects achieved

Allowable Continuing Secondary Extension:

Caribbean Examination Council Caribbean Advanced Proficiency Examination (CXC CAPE)

- Student must enroll at the first possible opportunity and achieve two or more exam passes to extend graduation date by a maximum of two years beyond initial point of graduation
- Must be accompanied by credential(s) previously earned and academic records/transcripts for secondary school

General Certificate of Education Advanced Level (GCE A-Level)

- Student must enroll at the first possible opportunity and achieve two or more exam passes to extend graduation date by a maximum of two years beyond initial point of graduation
- Must be accompanied by credential(s) previously earned and academic records/transcripts for secondary school

Advanced International Certificate of Education (AICE)

- Student must enroll at the first possible opportunity and complete program to extend graduation date by a maximum of two years beyond initial point of graduation
- Must be accompanied by credential(s) previously earned and academic records/transcripts for secondary school

Group B: Documents That Do Not Meet High School Graduation Requirement

Comparable to less than completion of US high school

- Barbados Secondary School Certificate Part 1
- Belize High School Diploma or Graduation Certificate
- Belize Junior Achievement Test (BJAT)
- Common Entrance Examination (CEE)
- Junior Secondary Programme Examination (JSPE)
- Junior High School Certificate (Jamaica)
- Jamaica School Certificate (JSC)
- Secondary School Certificate (SSC) (Jamaica)
- School-issued leaving certificates or high school graduation certificates
- Senior Primary/Minimum Standard Examination (St. Lucia)
- School Leaving Certificate Examination (Grenada)
- Secondary School Entrance Examination (Guyana)
- Secondary School Proficiency Examination Part II (Guyana)
- Test of Standards (Anguilla)

GPA Calculation

Calculate the cumulative high school GPA using all exam grades earned on official exam certificates listed in "Group A" above. Exam results listed on documents other than official exam certificates issued from the examination bodies (e.g. transcripts or letters from schools) cannot be used to calculate the GPA. Convert each exam grade to a US equivalent using the corresponding scale(s) below and convert to quality points. All exam grades are used and are weighted equally in the calculation with the exception of CAPE and AICE exams, which specify the units/credits taken. CAPE exams assigned a "unit of 1" are weighted with one credit. Exams assigned a "unit of 2" are weighted with two credits. Double-credit AICE grades are weighted with two credits and single-credit AICE grades are weighted with one credit.

Class Ranking

Class rank is determined based on official overall rank at the time of graduation as it appears on the school's official transcripts. If no such ranking appears on official transcripts, class rank is evaluated based on a letter written and submitted by the headmaster or principal of the institution from which the student graduated. The letter must confirm both the student's final position in the student's secondary school class and the total number of students in the graduating class (e.g. the student is 41st in a total graduating class of 112 students).

Sixth-Form Letter

For students enrolled in upper secondary school (i.e. Sixth Form, CAPEs) in the term directly preceding NAIA enrollment, a letter written and signed by a school official dated March 1st of the current year or later. The letter confirms the student's enrollment status, the end date of the program, and a list of the total subjects and level of the exams the student is registered to sit is required.

The sixth-form letter allows for earlier processing of NAIA eligibility for students going directly from upper secondary studies to enrollment at an NAIA member institution in consecutive semesters. If a sixth-form letter is not available, the student must provide final documentation once it is available before receiving an eligibility determination.

Post-Secondary Education

Students will be charged terms of attendance and considered transfer students if they have enrolled as a regular student and attended one or more courses at any of the types of institutions listed below (may not be all inclusive), or any other institution that requires proof of high school graduation as a pre-requisite for admission (subject to review on a case-by-case basis).
