

August 2020: Enhancement Release Notes

We utilized feedback previously gathered from membership, students, and other constituent groups to identify the enhancements included in this release.

Decision Processing

- Athletic Tracer Enhancements (ECPH2-076): updated the tracer to track additional information, provide opt-out option via the profile, and generate tracer tasks on a more frequent schedule
- Eligibility Status Update Email (ECPH2-085): updated email to include "ECID" in front of the "#" sign; added sports associated with the student based on their profile; added functionality for AD to manage recipients (currently only sent to AD and FAR); and modified content of the email based on roles associated with recipients
- Decision Processing (ECPH2-205): due to the COVID test score exception, added functionality for students needing to meet freshman requirements to advance through the process upon receipt of a high school final transcript with GPA
- Student Account Alerts (#26397): updated coding to display appropriate alerts once a student is placed in line for a review and when no current action is necessary
