

July 2021: Enhancement Release Notes

We utilized feedback previously gathered from membership, students, and other constituent groups to identify the enhancements included in this release.

Decision Processing

- Documents/Test Score “Fuzzy” Match (Req#765): Added functionality to system document “fuzzy” matching so that flagged “fuzzy” matches can be removed from the “fuzzy” match queue.
- Additions to the Post-Secondary History Search Task (Req#1015): Added a document list table to the Post-Secondary History Search task for greater visibility of documents received by the student athlete.
- Add a Filter to Foundations Team Dashboard (Req#660): Added a filter to the Foundations Team dashboard that provides the count for and links to the open/active “Review High School Program Type” tasks
- Urgency Requests and Their Outcomes (Req#653): Added functionality for Eligibility Center staff to approve an athletic director’s “urgency” request for a student athlete prior to the student athlete having a ready date.

Mobile Website

- Mobile Site Display (Req#749): Updated student dashboard header on the mobile website to include the following information: Name, ECID#, InCredApp# (International Students Only), and Estimated Decision date.
- Mobile Dashboard (Req#948): Fixed various issues with the display of the student dashboard on the mobile website.
- Mobile Start Eligibility (Req#951): Fixed various formatting issue that affected the functionality of the student athlete “Start Eligibility” page on the mobile website.

High School Dashboard

- Fee Waiver Language Change (Req#1485): Updated the language of the fee waiver approval from filled out by high school counselors to say, “*Has the student received any of the following programs?*”. This question previously read, “*Does the student qualify for any of the following programs?*”. *This change was deployed on May 1, 2021.*

Student Registration

- New student type & fee (Req#1432): Implemented a new fee amount and type designated "Domestic Transfer" that applies to student athletes who have enrolled in at least a semester of college after their high school graduation date. *This change was deployed on May 1, 2021.*
- Drug testing attestation (Req#1418): Added a Drug Testing Attestation statement/sign off to the "Complete Your Profile" task during student athlete registration on the PlayNAIA website. This change was deployed on May 1, 2021.
- Short List Task Added for All Students (Req#933): "Get Added to a School Short List" task will now be shown for all student athletes "Current Task" list regardless of student type. Previously this task was only displayed for "break" students and was not displayed for "no break" students.

Transcript and ACT/SAT Score Requests

- Test score task links (Req#1429): Updated the "Send ACT/SAT Test" task details to include an embedded URL link to the ACT and SAT websites for students to request their test scores.
- Display CEEB Code on Tasks (Req#1079): Added school CEEB code unique identifier to all transcript and fee waiver tasks for easier identification of what school a student athlete has listed they attended.
- Update Transcript Task for Parchment Integration (Req#1445): Added a URL to the transcript task details of U.S. colleges/universities that utilize Parchment for their sending of official transcripts. The URL will link directly to the schools "store front" for students to request their transcripts be sent electronically to the NAIA Eligibility Center.

Miscellaneous

- ACT import process (Req#1173): Updated the ACT score import process to account for formatting changes to the files being sent by ACT. *This change was deployed on May 1, 2021.*
- School Profile Transcript Vendor Indicator (Req#1453): Added a transcript vendor indicator to colleges and universities school profile that indicates if the institution uses Parchment or National Student Clearinghouse as their transcript vendor.
- Alfresco Logging and Monitoring (Req#1571): Added additional logging and monitoring to Alfresco (our document management system).
- Partner Email Opt Out (Req#1722): Added a link to outgoing emails for partner generated leads to opt-out of partner related emails.
- Lead Registration URL Partner API Responses (Req#1723): Created a partner API for integration of the generation of leads sent to the Eligibility Center by partners.
- Parchment School Identifier API (Req#1438): Created an API connection the transcript vendor Parchment to identify a list of school's utilizing the Parchment "store front". The API will keep the list of Parchment schools updated on a daily basis.
